BRONX HEALTH ACCESS PPS UPDATES AND UPCOMING EVENTS

PPS Update: Valuable Feedback Received on Draft Implementation Plan

In advance of the April 1st start of DSRIP Year One, the Bronx Health Access Performing Provider System recently received constructive feedback from KPMG on our draft implementation plan. Most of the comments referred to refreshed state guidance or offered clarification to questions the project teams had during the process. It was a welcome sign that we continue on the right track as April 1st approaches.

Important Provider Documents Coming Soon

In the next few weeks, Bronx Health Access PPS providers will be required to submit information to the PPS on their internal compliance plans and their organizations' financial status. Providers must also execute a Provider Agreement that formalizes the

relationship between the provider and the PPS. Please watch for these important documents that every PPS provider must complete and submit.
